

Quarterly Reading Report

Reader343 sample - toggle with the D key to compare with the original.

Black body text becomes light gray on a dark page. The highlighted words keep a visible yellow band, and colored words keep their hue:

Scanned page excerpt

Scans and screenshots of text are darkened like the page.

Gray captions, thin rules and table lines stay readable.

Page two

Long documents render lazily: only the pages near the screen are drawn, so even large books open quickly. Select text, follow links, and use the zoom controls or Ctrl + scroll. Your theme choice applies everywhere.

Tip: press D to see the original colors.
